

In Loving Memory  
of son, brother  
and uncle

## Sheldon Ross Taklik Kaniak

December 13, 1984 – October 11, 2006

It is with heavy and broken hearts that we say a too early good-bye to our eldest Son, brother to young siblings and sisters, but this is only a temporary good-bye as we will see each other again beyond this physical presence.

You had given us so much joy and happiness when you arrived in this world and as we watched, you grew up to be a fine young man.

We also know that it was beyond your and our control that you were taken away early as you did not complain of spiritual presence that took over your physical body. Shortly before your going away, only then did you mention what was happening. We pray to our forefathers to look after you, to take you in their arms and guide you beyond this world. We will remember you forever and will see you when our own time is up.

*Love: dad Jack, mom Nancy, brothers and sisters and all our Family*
